

FIOL Extra Dry Prosecco DOC NV

The extra dry Prosecco Fiol shows a light straw color, a typical bouquet reminiscent of wisteria flowers, acacia and also mature crab apple. With a shrewdly contained alcohol, acidity, lively but not overbearing it delivers freshness and palatability, savory and a slightly sweeter taste, contributing even more to preserve that character so appealing and inviting.

Production Place: Veneto Area - Prosecco D.O.C.
(Denominazione di Origine Controllata)
