UVE BIOLOGICHE - ORGANIC GRAPES

The Coltassala vineyard shares its location and name with a villa. The first Super-Tuscans were created in the 1970s by Chianti Classico producers who rejected government mandates that determined which grapes were required to go into their wine, especially with grapes like Trebbiano and Malvasia. The Super-Tuscans were also treated differently from Chianti, aged in small French barriques rather than large Slavonian oak casks. Because the Super-Tuscans did not follow the DOC regulations, the Super-Tuscans were entitled only to the lowest official designation of the time – *Vino da tavola*. It wasn't until 1994 that government recognized the high quality of Super-Tuscans and gave the wine its own category – IGT (Indicazione Geografica Tipica). Volpaia first released Coltassala in 1980 as a Super-Tuscan. The Chianti Classico appellation followed suit, closing the quality gap between Chianti Classico and Super-Tuscans. Now Coltassala is a Chianti Classico Riserva *Cru* even though it's the same Super-Tuscan wine of 1980.
