## GREYWACKE SAUVIGNON BLANC 2016

**TASTING NOTE** A delicious combination of ripe summer fruits and delicate floral perfume - citrus blossom and elderflower entwined with nectarines and white peaches, mandarin and cantaloupe with a twist of lemon. Intensely flavoured, succulent and crisp with a delicate herbal infusion - quintessential Marlborough.

**VITICULTURE** Fruit was sourced from various prime vineyard sites in Marlborough's Southern Valleys, the central Wairau Plains (specifically in Woodbourne, Renwick and Rapaura) and a spectacular river terrace site in the upper Awatere Valley. Soil types vary from the young alluvial soils of Rapaura, Renwick and the upper Awatere, which contain high proportions of New Zealand's ubiquitous greywacke river stones, to the older and denser clay-loams of the Southern Valleys. The majority of the vineyards were trained using the divided Scott Henry canopy management system, with the balance on a two- or three-cane VSP (vertical shoot positioning) trellis.

**WINEMAKING** Harvested largely by machine during cool (often cold) night-time conditions, the sauvignon blanc grapes were picked into half-tonne bins, which were tipped directly into the tank press and lightly pressed. The resulting juice was cold-settled prior to fermentation in stainless steel, primarily using cultured yeast for cool, slow fermentation. A portion was allowed to undergo spontaneous indigenous yeast fermentation using slightly warmer temperature regimes.

All individual vineyard batches were left on lees and kept separate until late July, when the blend was assembled. The wine was bottled in mid-August with an alcohol of 13.5%, pH 3.05 and acidity 6.7 g/l.

**Release:** October 2016
