PRESSING	Direct pressing
FERMENTATION	Stainless steel
AGEING	Partly in barrel, partly in stainless steel
BLEND	Furmint, Hárslevelű, Kabar
VINEYARDS	Holdvölgy, Nyulászó
VINTAGE	

After an early and lasting frost in January we had a relatively constant spring-summer period. The bunches developed in ideal conditions. The harvest started in August. In September, having more than two times of the average rainfall of the past 50 years, thanks to the careful, year-round, precise viticulture, the rain didn't deteriorate the quality of this exceptional fruit. We had an excellent and more promising vintage than ever before.

WINE DESCRIPTION

Our unique estate selection from a perfect vintage. With high quality healthy bunches and the most precise professional care possible, in harmony with nature we created again Vision, built on the same three indigenous tokaji grape varieties. On the nose fresh gooseberry, green apple and white petaled flowers. Passionfruit and tropical notes of pink grapefruit take over the main role in its characteristic taste, accompanied by herbal and peachy notes in company of residual sugar. This dry wine we create from vintage to vintage almost alongside of accurate analytics has an infinite length and provides a memorable experience in any tasting moment.
