

copa cinsault 2019

Cinsault vines were brought from the south of France to Chile during the first half of the XX century. During almost 100 years over the slopes of the coastal mountain range in Itata has found a new home where its wonderful characteristics are revealed. The wines of old Cinsault vines during decades were used as a part of red Itata wines blends.

Nowadays, Cinsault (as Itata itself) has a prestige of its own that had astonished winemakers, like us, and also wine lovers around the world. We choose a special old Cinsault small parcel, to produce a unique wine, fresh, juicy but complex, with gentle tannins, long and pleasant finish. To be enjoyed today or years ahead.

copa cinsault 2019
