

## RIFLE RANGE CABERNET SAUVIGNON 2018

Rifle Range Road which runs parallel to Krondorf Road, is in the heart of the Valley Floor and winds its way up the hills to Kaiser Stuhl National Park. The old rifle range is long gone, but the farming land and vineyards that have long been part of the landscape are still there. Because most of our Cabernet Sauvignon comes from vineyards adjacent to Rifle Range Road, it seemed the most appropriate name for this wine which has been part of Rockford since the very beginning.

Although the wine shows typical varietal and regional characteristics, it also has the Rockford philosophy at its core – a rich, soft and full flavoured wine made using traditional wine making techniques and attitude.

2018 was the kind of vintage winemakers look forward to. We were able to pick some parcels early and some later across a three-week period, ensuring a complex, naturally balanced wine that will reward cellaring for a further 6-8 years.
