

PETE'S PURE

## SAUVIGNON BLANC | 2022

### WHOS IS PETE?

Pete was one of our original vineyard managers. A classic “old school” man of the land. His motto was “if it’s worth doing, it’s worth doing really well”. He cared deeply for his vineyard and always made sure it could be relied upon to grow grapes that made great wine. So, when we wanted a name for our collection of uncomplicated but lovingly made wines, we couldn’t think of a better figurehead than our old vineyard manager.

### VINTAGE CONDITIONS

Sunraysia regions have a climate well suited for growing vines, with warm summer days and plenty of sunshine allows ripe fruit flavours and sugars to develop. In 2022 we had mild days, cool nights and medium rain fall. This led to average ripening conditions resulting in bright ripe fruit.

### VITICULTURE & WINEMAKING

The grapes are grown on vines aged 15-20 years, planted in calcareous earth. They are harvested into temperature controlled stainless steel tanks where they undergo fermentation. No animal based fining agents were added making the wines vegan friendly.
