

CALIFORNIA
SAUVIGNON BLANC
2022

FRANCIS
COPPOLA
DIAMOND COLLECTION.

Sauvignon Blanc is a highly impressionable grape that develops a different flavor profile depending on where it is grown. Our California Sauvignon Blanc is sourced from multiple appellations in California, bringing increased complexity and subtle nuances to the wine.

WINEMAKER'S NOTES:

Sauvignon Blanc is an aromatic varietal. To capture its fresh, vibrant scent and maintain the fruit's crisp, natural acidity, the grapes are harvested in the cool morning hours, and fermented in stainless steel tanks. Bright acidity, light-bodied, with a long, juicy finish, the 2022 Diamond Collection Sauvignon Blanc is a refreshing complement to seafood and other summer dishes.
